

Le signe de croix gestué

La croix était le signe d'une mort terrible. Mais comme Jésus a vaincu la mort, le signe de croix est devenu le signe de la vie.

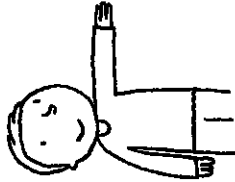

Il y a le haut.

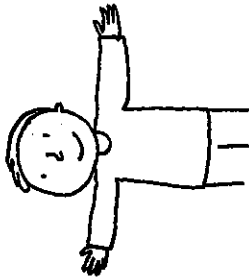

Il y a le bas.

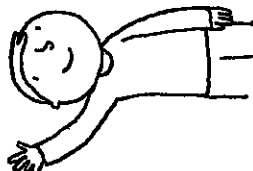

Il y a la gauche.

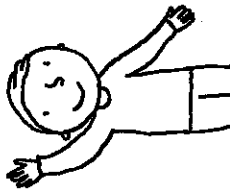

Il y a la droite.

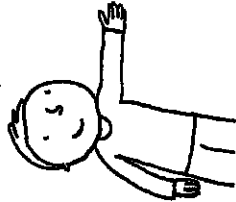

Il y a le ciel.

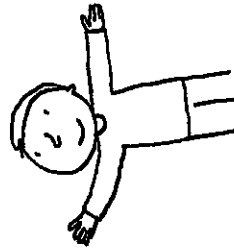

Il y a la terre.

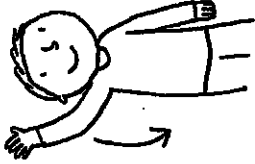

Un bout du monde

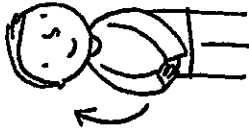

et l'autre bout du monde.

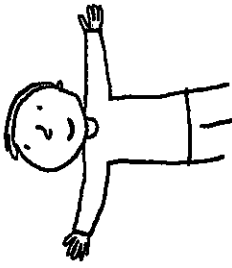

De haut en bas

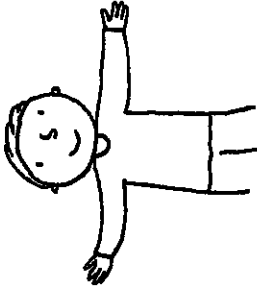

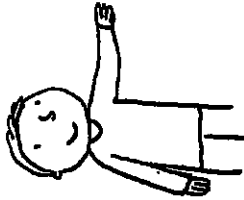

et de bas en haut,

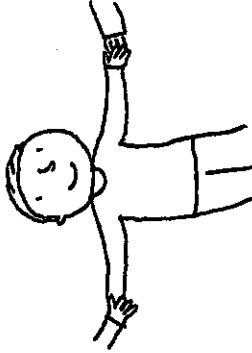

la Croix unit les hommes à Dieu

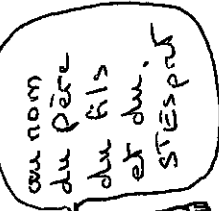

D'un bout du monde à l'autre bout du monde,

la Croix unit les hommes entre eux.

Quand je fais sur moi le signe de la croix,

c'est tout entier, Seigneur, que je me présente devant toi.
